WELCOME

The newly refurbished family-owned Scott's Hotel has been a landmark in Killarney for decades. Ideally situated right in the heart of Killarney, just fifty metres from the central bus and train station, Scott's is a traditional hotel with a sharp, cosmopolitan twist.

Scott's combines contemporary urban design with refined elegant splendour - from the soaring glassy expanse of the lobby, to the vast array of stylishly decorated bedrooms.

The Hotel also enjoys an exclusive privilege of ample secure private parking, standing over its own underground carpark. With a brand new restaurant and three bars on-site, Scott's is the perfect getaway location for an active or relaxing break, and as a base to explore further afield.

SCOTT'S BAR

For decades Scott's Bar has been serving up good food, good company and of course a great pint to locals and visitors alike. Scott's is the favorite watering hole for locals and tourists as it's renowned for providing a fantastic line up of live music every night including some great local talent. On Sundays Scott's Sunday lunch is not to be missed and is accompanied by our lunchtime live jazz session.

COURTYARD RESTAURANT

Exclusive to Scott's is the new Courtyard Restaurant. Enjoying a fresh, airy, open plan, alongside double-storey floor to ceiling windows, The Courtyard restaurant enjoys a buzzy vibe during the day, while retaining an intimate atmosphere in the evening.

The bar opens on to an enclosed area on Killarney's newest pedestrianised shopping street, making it the perfect place to enjoy our extensive lunch menu on a sun-drenched afternoon, or simply over a few drinks with friends, as you watch the world go by.
